E. FALL X MESSLESS SPACES

YOUR HOME

ready when you arrive

from the first box packed to the last drawer in place

A SAFE MOVE IS ONLY THE BEGINNING

THE PROCESS

E. Fall brings your belongings safely to your new home, across town or across the world.

messless spaces makes sure that once they arrive, your home works: from deciding what to take, through planning where everything will live, to unpacking and organizing.

THE RESULT?

You arrive in a home where everything already has its place.

THE BOXES HAVE ARRIVED. WHAT NEXT?

A delivered move is not yet a home you can live in.

You are still left with:

- deciding what is worth moving at all,
- dozens of boxes in every room,
- deciding where each thing should go,
- setting up wardrobes, kitchen and bathroom,
- finding storage that fits the new space,
- searching for what you need on day one.

You can spend weeks on it, alongside a new job and a new city, or hand the whole process over to specialists.

WHAT DO YOU GAIN WHEN WE WORK TOGETHER?

you move only what you need

Decisions about what to keep are made before packing. You do not pay to ship, store and unpack what you will not use.

fewer decisions

You get a clear plan and a few well-chosen options, not another long to-do list.

more time for what matters

While we unpack, you can focus on your new job, your family and settling into the city.

a home ready from day one

No weeks of living out of boxes. Your kitchen is ready to cook in and clothes are categorized in your wardrobe.

I KNOW A MOVE FROM BOTH SIDES

My name is Kinga and I founded messless spaces, a Vienna-based practice specialising in *storage planning, professional home organizing and relocation coordination*.

Before that, I spent seven years in *international logistics* in Vienna, including two as a transport manager, and built a customs team working across six European countries. *I know a move* from the mover's side and, after nine moves of my own, from yours.

Every project starts with understanding how you live.

My goal is not tidiness for a day.

It is a home that saves you time and supports the way you live, from your first evening there.

A few facts about me:

- I live in Vienna,
- my team works across the European Union,
- I have many years of experience coordinating international teams,
- I speak English, German and Polish.
